

EMAIL FOR WEEK NINE

Good Afternoon

It is Pastor Conrad again with week 9 of our Evangelism and Ministry Training Course.

I trust that your week has started well. Sorry about the delay in sending this week's study guide number 8. My wife and I were in Melbourne and drove back to Sydney on Monday, my usual day to put my teachings together. I have also spent more time on this week's important topic of "Becoming a leader of influence"

This topic is a continuation of the area of this course relating to the importance of making mature disciples which we commenced last week.

Having strong leaders in our churches is a key to having healthy churches. As pastors it is so important to both grow in our own leadership skills and to train up other Christians to fill leadership roles and to plant new churches.

The legacy of our life when we go to be with the Lord, is all the leaders and Christians that we have helped to mentor and raise up into leadership and that we have encouraged to fulfil their Ephesians 2:10 plan for their life. These people will continue on with the work of ministry beyond our lives here on earth.

As leaders it is so important that we model what it is to be a God glorifying Christian and good leader to those who have been entrusted into our care as pastors and leaders. (1 Timothy 4:12)

It is so important as Pastors and leaders that we also raise up and mentor the next generation of leaders. (2 Timothy 2:2)

For this week we have the following teachings:

- 1) Five Page Study Guide: Becoming a leader of Influence
- 2) Attachment One: Being a leader of vision (Part A), and
- 3) Three key areas of Christian character to develop (very important teaching)

May you have a blessed time reading this week's teachings on the all important topic of "becoming a leader of influence."

God Bless
Conrad
