

## **WEEK ONE EMAIL**

Good Afternoon from Pastor Conrad. I trust that your day is going well.

Today is the beginning (WEEK 1) of our Free Church of Hope Evangelism and Ministry Training Course.

Today's First Topic is: Having a lifestyle of prayer

The format for each week's email for this course will be pretty much the same from week to week:

Attachment One: (Both PDF and Word format) will be the Two Page Study Guide which has many Scripture References and the Key Aspects of the topic to cover. This Study Guide also has some questions at the end to ponder and to discuss in groups

Attachments Two and Three (and four) - In PDF Format - will be related teachings and growth keys. These teachings and Growth keys can be found on our Church of Hope Website: [www.coh.org.au](http://www.coh.org.au)

**I BELIEVE THAT THIS COURSE WILL BE EASY TO FACILITATE AND RUN AND TO SHARE WITH OTHERS**

Simply download the Study Guide (attachment one) and work systematically through it looking up the Scriptures that are included in the Guide.

In group situations different scriptures can be looked up by different people to save time.

The teachings for the week can then also be downloaded and read.

Each week I will give some possible answers to the questions from the previous week. (Next Monday for today's questions)

As I am very busy during the week this is the most effective way that I can address questions. If you have any suggested answers I can include these each week in my suggested answers when I am going over the questions.

WELL HERE GOES. May the Lord bless you as you go through this course together with others in Jesus Name.

God Bless  
Conrad
